## FAMOUS ACTRESS SAYS COFFEE HARMS COMPLEXION

Declares Coffee Habit Grows on One,  
Dulls the Mind, and Weakens  
the Muscles.

People who desire to retain youthful looks and a clear healthy skin, may be surprised to learn that so eminent an authority on beauty as Lillian Russell declares, in a recent issue of the Chicago Herald, that "both coffee and tea have a harmful effect on the complexion. The most youthful skin can be made dry and sallow by the over indulgence of tea and coffee."

"It always depresses me when I hear a woman say, 'I must have a cup of coffee the first thing in the morning, and generally slip it in bed. She would be shocked if she heard someone else say that they must have a cocktail before they could begin the day.'"

"I heard a most beautiful old woman say, 'Do you think I would dry up my blood and ruin my skin by drinking tea?'"

The coffee habit grows on me and when coffee is used as a stimulant there is a reaction, which means depression and causes over indulgence or the use of stronger stimulants. In the continued use, stimulants dull the mind and weaken the muscles."

NOTE.—It is a satisfaction to know that in the pure food-drink, Instant Postum, increasing thousands are finding a delightful morning beverage—a beverage free from drugs or any harmful substance, and free from coffee's ill, but rich in those food elements supplied by Nature for building good blood and strong, healthy bodies.—Advertisement.

## OUR YOUNG WOMEN

are so often subject to headache—are languid, pale and nervous—because their blood is thin or insufficient. They are not really sick and hesitate to complain, but they lack that ambition and vivacity which is their birthright. They do not need drugs—but do need the tonic and nourishment in Scott's Emulsion that makes richer blood, fills hollow cheeks, suppresses nervousness and establishes strength. Nourishment alone makes blood and Scott's Emulsion is the essence of concentrated nourishment, free from wines, alcohols or opiates.

If mother or daughter is frail, pale or nervous, give her Scott's for one month and see the betterment. It has a wholesome, "nutty" flavor. Avoid substitutes. At any drug store.

### APPLE RECORD SMASHED.

The big apple record has been "busted."

L. S. Harbert, a progressive agriculturist of Lumberport, has sent to the Telegram a magnificent red apple that measures fifteen inches in circumference. The measurement exceeds by half an inch the measurement of several other huge apples that have been sent to the Telegram office for exhibition.

Unfortunately the name of the apple is unknown to the Telegram as staff members are not sufficiently learned in horticulture to tell, but it is a cracker jack. A remarkable feature about it is that it was taken from a young tree which bore its first crop this summer.

## CANDIDATES

derided the tortoise and told him practically that they liked his nerve in putting himself against the swifter creature. But the tortoise just kept on muttering to himself his favorite motto, "Slow but sure, slow but sure."

When they had set out it was but a few minutes before the hare was out of sight and the patient turtle laboring far in the rear.

When Mr. Lightfoot saw that there was no one in sight he laughed and stopped at the first wayside house for lunch. This road house was called Turnip Top Inn and the hare ate a hearty luncheon and then took up the course again, but he did not feel so light now, and presently with a yawn he lay down for "forty winks."

Waking much refreshed he hoped easily along until he came in sight of the goal, when what was his astonishment to see the plodding tortoise creeping at the same steady gait at which he set out within a few inches of the line.

A series of mad leaps brought the hare in a trice to the judge's stand, but the race was already won by the tortoise.

### The Moral.

The moral is plain. Keep working! Never let a day pass without adding something to your store. It will not be giving yourself a fair chance if you do not make the best of each moment, especially during the next few days that remain of the campaign.

The balloting continues heavy with a new leader for the \$500 in gold this evening. Today the first district furnishes the leader and Virgil and Virginia Rush (twins) hold the honor position. Fortunately for some candidates that the prizes are not awarded on the vote as it stands tonight. The think for every parent and friends who have a baby entered is to get and turn in every subscription this week and up to the close of the campaign, November 1, 1915.

## Hounds Trail Burglars To Traction Car Line

Quantity of Cocaine and Some  
Money Taken from East  
End Drug Store.

Although they picked up a good scent and did splendid work, Sheriff Ross F. Stout's bloodhounds were baffled by the street car line Thursday morning in trailing burglars who broke into Dent's drug store on East Pike street between Oak street and Linden avenue some time in the night, and stole \$50 to \$60 worth of cocaine and a small amount of money from the cash register.

The dogs in charge of Devore Wigner and Roy Shooks, trusted county prisoners, took a warm scent

at the drug store, followed it west on East Pike street to Park avenue, thence north to the railroad, thence to Pinnicklinck, through Nutterdale, across Elk creek and thence southwest to the street car line at the end of East Main street in Gott plaza, where they lost it. Persons living at New Fair Grounds were suspected of the burglary and the theory is entertained that they took a street car to their home.

Entrance was effected at the drug store by breaking a pane of glass in a rear door and turning the lock. So far as can be detected nothing else was stolen besides the cocaine and the small amount of money that had been left in the cash register.

## CHASE FOR BANDITS FINALLY ABANDONED

Although the Watch in the Big  
Cities Will Be Continued  
by Authorities.

During the last ten days every effort has been made by the detective force of the Baltimore and Ohio and the secret service men of the government to apprehend or to get a clue to the men who recently held up train No. 1 at Central, rifled the mail car of a number of valuable packages containing treasury notes and federal reserve bank notes, but so far as it has been possible to learn their efforts have been futile, not the least sign being found that would lead to the apprehension of the criminals.

It is stated by an official who is in authority that for the present all the detectives and other officials who have been working on the case have been sent to other points on other cases or ordered back to their regular work as it is considered there is no possible chance of getting a line in this section on those who pulled off the hold-up.

A further statement is made that in the hope of getting some information regarding the hold-up or a clue to the persons who committed it, a number of the secret service men have been ordered into the larger cities within a radius of several hundred miles where they are to keep a watch-out for the unnamed notes which are said to have been taken from the mail when the train was held up. It is hoped that in this way it will be possible to trace the robbers. The opinion has been expressed that the men who committed the deed would not make an attempt to float any of the unsigned currency in the small towns, but would take it to the large cities, where there would be less danger, in their opinion, of detection.

During the last week the officers followed up a number of supposed clues but none of them panned out as had been expected. While there is a general opinion among the detectives as to who committed the depredation they have not sufficient in-

## WADE FOX IS TAKING PART IN FIGHTING

Lost Creek Boy is Engaged in  
Helping Disarm the Rebel-  
lious Cacos Now.

A local boy, Wade H. Fox, is with the fighting United States marines who are disarming the rebellious Cacos in the region of Petritica, Delaribonite, Hayti. The Cacos killed two and wounded ten of our brave "sea soldiers" in action near that place recently, but young Fox appears luckily to have escaped unharmed.

Wade, who is the son of Selby Fox, of Lost Creek, is a fighting unit of that highly efficient military arm of the government service—the United States marine corps—which is always first landed when trouble threatens and which always bears the brunt of the initial fighting. Marines may have brushes in some far-off place with hostile natives, but under international law, a declaration of war does not necessarily result. The matchless marines go everywhere in performance of duty—to all parts of the world on battleships or expeditionary transports, and no history of the United States will be complete until the full story of these pioneers of civilization is told. Private Fox enlisted in the United States marine corps at Akron, O., December 8, last, and already has had many interesting and exciting experiences while serving with the "old branch of the service."
